3. [redacted] Sieg Smith, Administrative Assistant to Representative Lionel Van Deerlin (D., Calif.), called in connection with the earlier complaint by [redacted] of International Services, Inc., concerning Air America. Mr. Smith said that they had just received a reply to their acknowledgment from the apparently real [redacted] stating that he had not written the Representative and that an individual had been signing his name to a number of similar letters. He asked the Representative to return the letter so it can be turned over to postal authorities. Mr. Smith asked for return of the original letter so he could comply with this request, which was done. No further action is required.
